Test Volume Versus Gonad Mass Linear Regression
S. franciscanus
S. droebachiensis
y = c(2.5) + c(1e−04) · x, r² = 0.78
y = c(0.076) + c(3e−05) · x, r² = 0.358
y = c(3.2) + c(6.7e−05) · x, r² = 0.531
y = c(−0.44) + c(6.2e−05) · x, r² = 0.418
y = c(1.1) + c(3.4e−05) · x, r² = 0.292
